Subject: My earlier request

Liz,

Thank you for taking the time to speak with me earlier. To be clear, here is what I'd like:

In the last year's budget, 2017-18., Council allocated \$28,000 for a Greenbelt trial. So far, the expenditures from this money have been:

- consultant to provide opinion as to whether Greenbelt was accessible: \$-?
- opinion of city attorney as to whether Greenbelt had to be accessible: - \$-?

I would like to know the cost for each of those line items above.

The number, this year, Council was told that there was \$20,000 left from the original \$28,000, making total of the above items \$8,000. Today, the City Manager told me that, in his opinion, there was no way these 2 items could have cost \$8,000.

Now, Council has cut that supposed \$20,000 balance in half to \$10,000 for this fiscal year. Glen had told me he is going to put out an RFP for a landscape architect/consultant who will provide options for making the Greenbelt accessible. He thinks this opinion will cost \$10,000.

So, in a nutshell, here is what I'm asking:

\$28,000 from initial 2017 Budget

less:

?-\$ for original Greenbelt consultant opinion
?- \$ for City - Attorney's opinion on Greenbelt accessibility These 2 above items supposedly cost \$8000, city manager doubts that-I would like you to verify and provide me with the actual costs.

Then, we would have an accurate number for the monies actually left in last year's budget of \$28,000 for this project. From that number, we would subtract whatever the cost would be for Glen's current RFP. The remaining monies could then be allocated for an actual trial of a Greenbelt accessible pathway.

If we could receive these numbers

within the next two weeks, (7/17/), prior to the next Access meeting, that would be great. If you would like me to work together with you and someone from Finance in order to lighten your workload, just let me know. Any other questions, don't hesitate to call.

Thanks so much,

Geoff Hirsch
